## **11. Range safety roles:**

- An Officer on Duty/Range Officer. (RO) must be on duty whenever the range is in use. The RO shall be:
  1. A qualified person approved by the Christchurch Pistol Club Committee, shall hold a firearms licence, and be appropriately trained in shooting range safety management and the shooting discipline being undertaking.
  2. If an individual is shooting solo on the range, they must be a qualified RO.
  3. Any other qualified safety officer may be appointed as required by match rules.

## **12. Range safety rules:**

- Safety of the range is the responsibility of all range users.
- The RO is responsible for ensuring that the range is safe for use prior to the commencement of any shooting activity
- That the bullet catcher is in good repair.
- That only approved or authorised targets are used on the range.
- Ammunition restrictions are adhered to.
- That there is no person(s) or activity in the danger area.
- That hearing & eye protection is used by all range users and spectators.
- The safety rules for individual shooting disciplines are to be complied with in conjunction with these RSOs. Where individual safety rules may contradict these RSOs, the RSOs are to take precedence. Club executives are to seek a satisfactory and safe resolution to eliminate this situation and where necessary amend RSOs.

### **THE FOLLOWING SAFETY RULES ARE EMPHASISED.**

- No person shall refuse to obey the lawful instructions of the RO or any other official acting in the proper function of the affairs of their office.
- No person shall enter or leave the range with a loaded firearm.
- No firearm shall be loaded until the shooter is on the firing line and the command "LOAD" has been given by the RO.
- When not at the firing line, firearms will be unloaded at all times. Special conditions apply to holster qualified members while involved in action and practical match shooting.
- All Visitors must be accompanied by a member of the Christchurch Pistol Club while shooting on the ranges.
- No person on the firing line shall handle a firearm while any other person is forward of the firing line.
- The RO must ensure shooters guns are cleared before declaring the range "CLEAR".
- A club membership or visitor ID/card must be carried at all times and presented upon request of any club member.
- No alcohol or drugs are to be consumed prior to, or during shooting. Any person consuming alcohol, or under the effect of alcohol or drugs while shooting will immediately be expelled from the range, and the matter followed up with regards to further disciplinary action if deemed appropriate.
- Defined areas (SAFETY ZONES) are set aside where members may clean or repair guns or show them to another person.
- Guns may only be removed from holsters, boxes or gun bags in a designated Safety Zone area, on a live range under direction of an RO, or Committee approved situations e.g., training course or presentations.

- All shooting undertaken by visitors must be directly supervised by a Christchurch Pistol Club member standing within a reasonable distance to the shooter to maintain control.
- Where a Safety zone has been declared, firearms may be cleaned, repaired or tested by cycling or dry firing ONLY in this zone. Ammunition or anything resembling ammunition including dummy or drill rounds is **NOT PERMITTED TO BE HANDLED in any Safety zone UNDER ANY CIRCUMSTANCES.**

### **13. New Ammunition Use:**

If a new type of ammunition is proposed for use on the range, it must be approved for use by the SRO if considered safe to do so. Before inclusion in the RSOs, the requirements of section 34 of these orders are to be adhered to.

## **24. Cone of Fire (CofF) Pistol / Rifle:**

The range design cone of fire for these ranges are;

**Pistol 23mils (1.3 degrees)**

**Rifle 20mils (1.125 degrees)**

<b>CONE OF FIRE: Handgun &amp; IPSC Shotgun: 1.3 deg. (23 mils) (Horizontal and Vertical)</b>		
<b>Distance (Metres)</b>	<b>Radius (Metres)</b>	<b>Diameter (Metres)</b>
15	0.34	0.68
20	0.454	0.907
25	0.567	1.139
50	1.134	2.268
<b>CONE OF FIRE: Rifle: 1.125 deg. 20 mils (Horizontal and Vertical)- STANDING</b>		
<b>Distance (Metres)</b>	<b>Radius (Metres)</b>	<b>Diameter (Metres)</b>
15	0.294	0.589
25	0.491	0.981
50	0.981	1.963

**NOTE: The RO must be satisfied that a shooter has demonstrated their ability to achieve the approved CofF. (This may be from competition results or sighting in).**

## **25. Inability of the Shooter to Achieve the CofF:**

- If for any reason any shots fired fall outside the CofF the following procedure is to occur.
- The RO is to:
  - Halt all firing and identify the shooter responsible.
  - Observe that shooter's next shot and if it falls within the CofF allow that shooter to continue shooting.
  - If the observed shot does not fall within the CofF, the shooter is to be provided with a suitable coach with the intention of bringing the next round within the CofF.
  - Shooters who are unable to achieve the CofF are to be prevented from further firing. Shooters prevented from firing in this way may resume firing following the completion of a club approved training program with the firearm.

## **26. Unlicensed or Inexperienced Shooters:**

- Unlicensed/inexperienced shooters must be managed one to one by a member.
- They are to be shown the safety aspects of using a firearm initially with an unloaded firearm.
- The RO is to determine the level of supervision required.

## **27. Test Firing:**

- Test firing of new firearms types or new ammunition types, can only be done with the approval of the committee of the Christchurch Pistol Club Inc. and conducted under the direction of a RO.
- A target must be used to ensure that so that all shots fall within the confines of the bullet catcher.

## **28. Air danger height (ADH):**

- The ranges are approved as a No Danger Area Range (NDA). As such there is no air danger height.
- All members and range users must be made aware that if an aircraft is seen to be approaching the club in a manner that may see them fly over the club property at a low level whilst live firing is in progress, the RO must immediately call for a 'stop' to all shooting until the aircraft clears the area.

## **29. Range maintenance plan:**

- The Christchurch Pistol Club Inc. Committee will schedule regular working bees to ensure that the range is kept to the required standard.
- The Bullet catchers are to be kept above the minimum angle.
- All unused targets are to be taken off the range when not in use.
- Steel targets that are pitted are to be removed from the range.
- The range bullet catchers must be in a safe serviceable condition before

shooting commences.

- Any drums used for mobile bullet catchers, excessively damaged must be removed from the range and reported to the Club committee to arrange replacement.
- Drums used as mobile bullet catchers must be filled with approved material (i.e., rubber chip, rubber belt etc).
